### HOW THINGS HAVE CHANGED

What Hendrick Said Four Years Ago  
of Governor Beckham.

Hon. John K. Hendrick, who is now the Democratic nominee for attorney general, and who is the ablest speaker on the Democratic ticket, was a candidate for governor against Governor Beckham four years ago and made a speech at Nicholasville in which he scored the governor for his machine methods and extravagance with the people's money. Among other good things he said:

**Machine Politics.**  
"Let us pause and think for a moment. Mr. Goebel was nominated on the twenty-first day of June, 1899, and Mr. Beckham was nominated in July, 1900. These conventions were at least early enough for all practical purposes. But after the governor had smothered the committee with official honors, as I have already indicated, at his suggestion they concluded to call a snap primary election in order to force off opposition to their patron saint, who had showered so many official blessings upon them, and they gave to candidates who desired to seek preferment from their fellow-citizens, 120 days in which to canvass 113 counties. And the governor exclaims, 'Behold, how pleasant it is for brethren to dwell together in harmony and peace.' But, for fear that this snap primary would not deter persons who might desire to oppose his majesty, the committee for the first time in the history of the Democratic party, created a money standard of qualification, and for the first time within the history of the party has said to the aspiring young men of Kentucky that they need not apply for official preferment unless they can afford the price. I appeal to the young men of the state to line up against such machine methods and aristocratic tendencies if they desire in the future to reach honors at the hands of their peers. There was a time in the history of the great Commonwealth of Kentucky, Henry Clay, the 'Mill Boy of the States'; Abraham Lincoln, the Rail Splitter; Stephen A. Douglas, the cabin-maker; Andrew Johnson, the tailor, when neither of them could have paid the price under the arbitrary decrees of the committee, for the privilege of running for office in the state of Kentucky. These great benefactors of mankind, who have glorified the history of Kentucky, were once as poor as the poorest boy now in our commonwealth, but by pluck and energy and honesty they reached the highest positions within the gift of the people—not one of them would ever have been heard of in politics if the methods of this machine committee had dominated political parties in their day. Every young man in the state owes it to himself to rebuke Beckham for thus trying to convert the party of the people into a machine-dominated, pot-house politician-ridden party. Is it wrong that I should refer to them with the deepest sorrow?"

**The Calhoun Fee.**  
Speaking of the enormous fee of \$50,000 paid to C. C. Calhoun for collecting \$1,300,000 from the government Mr. Hendrick said: "Let the distinguished gentleman no longer dodge, but explain to the taxpayers why he and Calhoun entered into a contract to 'sawdust' the taxpayers out of this enormous sum of money. There is one other item among many, while I am on this subject, that I will call upon His Excellency to explain. The United States government recently passed an act to pay the Spanish-American soldiers who enlisted from Kentucky for the time elapsing between their enlistment and the date of their being mustered into service, and allotted to Kentucky \$150,000, to be paid to her soldier boys, and not to C. C. Calhoun. The governor, after he was notified of this, through that strange and inexplicable attachment between him and Calhoun sent Calhoun after the money, which was received and brought to Frankfort, and deposited, not to the credit of the state treasurer, but to the personal credit of J. C. W. Beckham, without bond, and when it was paid out, about \$18,000 was retained. Who got it? Let the governor explain this, and then I will oblige the people and likewise the governor, by furnishing some other information, which I am loath to disclose without being forced to the point, as to what became of a part of it. As this money was being distributed to the poor soldiers, who had braved the elements of a foreign clime in their country's defense, they were patted upon the back, while a part of their money was being withheld and asked 'not to forget Creeps.'"

"Thus it will be seen that this young attorney without a practice received the sum of something like \$30,000 for a little less than a year's labor—a sum sufficient to pay a circuit judge for his services thirty years; a congressman or a judge of the court of appeals, eighteen years; the governor, fourteen years. While the governor is discussing the reasonableness of this fee he might expatiate on these trivial suggestions in the presence of the burdened taxpayers. This money was paid to Governor Beckham as the commander-in-chief of the soldiers of Kentucky under the constitution, and there is not a line of law upon the statute books or anywhere else to authorize him to employ anybody to receive it or pay out one dollar for collecting it. And while explaining these enormous fees he might incidentally give a little attention and a few words in explanation as to why he employed counsel to assist Judge Pryor and John W. Ray in the fran-

chise tax cases against the insurance companies. The fee had been agreed upon by these gentlemen at \$3,000 and everyone at all familiar with their capacity knows that they are amply able to take care of any character of litigation. But the governor positively declined to ratify the employment, unless his uncle, J. 'Cole' Beckham, should be taken in. He was finally taken into the case and the fee increased to \$5,000. In view of these facts it cannot be denied that the governor is exceedingly liberal with the people's money. And, by the way, when Mr. Ellis and 'Uncle Cole' were taken into the case, and the new contract for this enormous fee was consummated, Mr. John W. Ray, who up to that time had practically done all of the work, was dropped out of the contract, and the governor's uncle substituted, and since he was so substituted the part which 'Uncle Cole' has played in the litigation has been so nominal that he can scarcely be referred to as an attorney in the case, except in a division of the fee.

"Time forbids I should go farther into the sordid details of squandering the people's money in the profligate employment of attorneys, but the record shows that in his efforts to secure the warm friendship of leading lawyers he has paid out considerably more than \$100,000 of the people's money in the way of fees.

"The solicitude of the governor for fear that some one will 'sawdust' the corporations of the state is really pathetic. My experience with the corporations demonstrates to me that they generally take pretty good care of themselves, so the governor's anxiety for fear they may be 'sawdusted' leads one involuntarily to ask himself what strange sympathy can exist between the governor and the corporations to induce such corrupt action? But in view of the record of the governor the remarkable part of his speech is in reference to 'pardon-brokers.' During his administration of the executive department he has pardoned more than 1,000 persons, including reprobates, etc., for violating the laws of the state, and the Breathitt County criminals have been most liberally remembered. We may at least indulge the presumption that the 'pardon-brokers' have not been idle in that locality, while the criminals in the great city of Louisville have not been overlooked."

And now we have the strange spectacle of Hon. John K. Hendrick on the stump defending with all the power of his eloquence the state administration that four years ago he so violently assailed and condemned. Verily, the trail of the serpent is over them all.

### MR. HAGER'S PLATFORM

In his opening speech at Lexington Judge Hager said:

"I do not, therefore, come before you with a perfunctory platform, formulated by a few leaders and languidly adopted, without debate, by a meagerly attended convention, but with one that has been made and approved as their own, by the direct untrammeled vote of thousands of my fellow-Democrats for whose consideration it was presented."

In other words, this is the official platform of the Democratic party and its candidate. This being true, we desire to call attention to the fact that this platform contains eleven planks and not a word is said concerning the temperance question, which is the paramount issue in Kentucky. Judge Hager professes to be a temperance man. Why does he not endorse the cause of temperance in his platform?

In striking contrast, we call attention to the utterance in the Republican platform:

"We favor the enactment and enforcement of a uniform local option law, with the county as the governing unit."

It is apparent that Hager is attempting to carry water on both shoulders. He announces that personally he is in favor of temperance. This is done to catch the temperance vote. He then announces his party platform, that he made himself, and in which there is not a syllable about temperance. This is done to catch the liquor vote.

The people of Kentucky cannot be deceived in this matter. They prefer to accept the honest, candid statement of Mr. Willson, who clearly defines his position without subterfuge or evasion.

### MUST SPEW THEM OUT

William Jennings Bryan said in a recent speech:

"The honesty of the party's purpose is shown not merely by the platform or the speeches of its candidates and supporters, but by the character of the men who are entrusted with the party management. And if the Democratic party has not virtue enough to spew out those who traffic in politics, it does not deserve victory nor can it hope for it."

Bryan says those who traffic in politics must be spewed out, and that the good faith of the party must be shown by the character of the candidates.

Hager is a fully developed machine politician, a trafficker in politics, who has shown that he regards public office as a private graft.—Henderson Clinebar (Dem.)

The state machine used the machinery of the party and the public patronage in such a way as to defeat Blackburn. It remains to be seen whether the party machinery and the patronage trough can be employed to defeat the will of the people this fall.—Henderson Clinebar (Dem.)

### MEOPERICULO.

**Peppered Paragraphs on  
Things Political if Not  
Not Otherwise.**

BY SENATOR BENJ. SEWELL.

In any walk of life the liar is the most worthless scamp of all. Truth is so beautiful and falsehood so ugly that he who is guilty of committing the hideous crime of falsehood is internally blacker than the ace of spades, absolutely unworthy of confidence and totally unfit to be intrusted with any position that carries with it honor and responsibility and duties. The chief pillar in the pyramid of a man's character, personal and political, is the record book of his conduct and his acts as a citizen or as a public servant, and he who tries to assault that character with the pernicious projectiles of wanton falsehood and misrepresentation, he a candidate for personal popularity or for public office, is a slimy serpent, a Judas Iscariot, a demagogue, and a humbug, and a dangerous deceiver, much depraved in conscience and character, and bitterly venomous with the poisonous fungus of pigheaded partisanship. And the political candidate who strives to bolster up his interests by such tactics, if elected, is more liable to develop into a grafter than he is to develop into a straightforward champion of the public good.

S. W. Hager, Democratic nominee for governor, spoke here on the 10th. He struggled manfully to add decency and merit to some of the Democratic laws by saying Republicans helped to enact them. In trying to whitewash the Democratic dog tax law, he represented to the people here, in my absence, that the record, the Senate Journal, shows that I, a Republican Senator, voted for the dog tax law. I don't want to be too severe in my strictures of the Democratic candidate for governor. God knows his back is full banded with a load of odiums and sins of Beckhameocracy. But his statement that I voted for the dog tax law is not borne out by the records. The record does not show that I voted for it. If the record shows that I voted for it, Mr. Hager, I will support you in this campaign and vote for you for Governor and be a Hargis-Beckham Democrat all the days of my life. Turn to page 367 of the Senate Journal, and there you will see that I voted against it, which was Senate Bill number 80. Then turn to page 754, and you will find that I did not vote on the bill, which was house bill No. 20. Speckled-faced fools and red-nosed angels are too quick to believe the representations of their favored candidate for office, and Mr. Hager owes it to the cause of truth to confess that he was either 'gladly mistaken' or 'knowingly lied' about the matter when he said that I voted for that odious Democratic dog tax law. Many Democrats here have said if he has misrepresented me in the matter with a view to deceive the people, they will vote against him. If they will turn to the record above referred to they will be convinced that he is mistaken. I have

record on file at the post-office, and it can be found in any of the offices of the county officers. Call around, examine, and be satisfied that I am telling the truth and that Hager was wilfully prevaricating in order to deceive you and thereby get your votes.

Again, this same Hager is represented as saying that the dog tax law would not have become a law but for the votes of the Republican members it received. That is not true, and the record shows that it is not true. On the passage of the bill 24 members of the Senate voted for it, 4 votes being Republicans, thus showing that 20 Democrats, voted for it, which was enough to pass the bill without the four votes of the Republicans. So Mr. Hager has misquoted the facts again in an effort to deceive an unknowing public and squelch them out of their votes. Now, examine the record, and if you find I have lied I'll turn over and be a Democrat the remainder of my days. He who relies on the word of a candidate for office in preference to the record is a spangled-eyed, splattered-brained, spindled-headed fool, easy prey for such deceivers as Hager appears to be. The Hager-Hargisites here, for fear the Hager speaking would not otherwise have the proper seal of Democratic respectability attached to it, allowed an imported, the excellent, gentleman from the Bluegrass introduce Mr. Hager on the occasion of the speaking at this place.

But the trail of the red-eyed serpent is visible. No amount of performances in the theatre of vaudeville politics can obscure it. None are blindfolded except those who find supreme happiness in wanting to be blindfolded. The mountain of circumstances is too overwhelmingly gigantic and forceful in its occasional eruptions of convincing proof for any, save the blind, to be misled or deceived. Beckham today is father and god-head of Democracy in Kentucky. But he is not without his satraps, his tools, and his henchmen. The machine, which he dominates and controls, is too powerful and far-reaching in its results to be alone manipulated by Mr. Beckham. None know this more than those who feign not to know it. The hotbed of treachery, corruption and force and fraud, that germinated the seed and gave birth to the old mother of Kentucky Democracy of a little son by the name of King Beckham, was the infamously notorious Music Hall convention, of 1899, which was engineered by Goebel, Redwine, the Hargises, etc., as the master-minds in formulating the machine whose chief cog today is S. W. Hager, the machine candidate for governor. Yes, during those dark and fatal days of Democracy, when reason and fairness gave way for lunacy and passion, Hager became a part of the Beckham machine, and all along the pleasure and will of Beckham have been the pleasure and will of Hager. Goebel, in a public speech at Jackson, confessed that he owed his nomination to the Redwines and the Hargises more than to any body else, and that if elected governor they could not ask anything too good at his hands. Goebel was defeated; no mistake on that; but, notwithstanding, a totally corrupt, partisan Legislature, in face of the facts to the contrary, declared otherwise. Some dirty, cowardly scoundrel shot him dead; Beckham stepped into his shoes, and declared that it would be his endeavor to faithfully carry out the promises made by Bill Goebel, and I defy any man to find any Redwine or any Hargis who says that he has failed to make good with them.—J. S. Redwine appointed Superintendent of the Eastern Kentucky Asylum; M. M. Redwine made floor leader of the Legislature, and later appointed as Circuit Judge; D. B. Redwine appointed as one of the members of the Board of Control of the charitable institutions of the State—and Hargis has had Democratic

Judges, appointed by Governor Beckham, to preside over his various trials and Democratic juries to find him not guilty, and today is the freest kind of a man, still in the ring, somewhat disfigured financially, but an ardent supporter of Beckham and Hager.

When Hargis was indicted and put in jail, as I am informed, the first to pay a visit (possible to lend comfort and encouragement to the distinguished prisoner) was none other than this now goody-goody S. W. Hager, who claims to be no part of the Hargis-Redwine-Beckham machine; that he is only plain, blunt, business-like "Sambo." And those who are glad to believe it are believing it, and saying they can vote for Hager with a clear conscience but would not vote for Beckham for dog peltterer. What suckers! What dupes! That reminds me of the fellow that could not swallow the polecat but could the skunk.

### Studying Singing Abroad.

August Spanuth tells a sad series of tales of American girls who go abroad to study singing. He thinks they take too many chances, and, if he is to be believed, they do. According to Mr. Spanuth they reach Milan, or wherever they intend to study, not only without any definite ideas as to a teacher, but without knowing where they are to board. When they get settled their first question to the landlady is 'Who is the best teacher for me?' Needless to say, many are disappointed in the teachers they 'select' in this manner.

### THE OLD BAPTISTS

#### Hold a Successful Meet- ing near Torrent.

The Old Baptist Association met at Pine Hill, one mile from Tor-  
rent, Friday, September 13, all in  
peace with each other and God.  
Ten churches were represented and  
all have improved in their work.  
There are more than 500 members  
in these churches. Dear friend,  
are you one of the members?

The association was opened by  
Alvin Spencer, of Wisconsin, who  
came to be with us during the  
meeting. Brother Ira Wells was  
appointed Moderator and A. C.  
Kush clerk of the association.

Bro. Wm. Chambers, county  
superintendent of Wolfe county,  
preached the introductory  
sermon on Friday. He is an intelli-  
gent preacher and can tell sinners  
what to do to enter into eternal  
life. Rev. James Stewart, of  
Rowan county, took a text from  
the 2nd chapter of St. John, 5th  
verse. Little Jim is an excellent  
preacher and a thorough Christian.

Bro. Ira Wells, of Daysboro,  
deserves credit for establishing  
the majority of the ten churches.  
May God bless him in this world  
and give him a crown in the next.

#### NOTES.

Pine Hill is situated in Wolfe  
county, and derives its name from  
the beautiful tall pine trees in the  
vicinity. The Old Baptists have  
built a comfortable church, here  
and it is completed with the ex-  
ception that the inside walls and  
seats need painting. We trust  
that God will enable the members  
to finish the work at an early date.

We are sorry to report that  
Bro. Mitchell Smith died here  
September 13, of typhoid fever.  
He was 26 years old and leaves a  
wife and three small children. He  
was a member of the Baptist  
church and also a member of the  
Old Fellows' lodge.

The association was attended by  
about 1,500 people, and every-  
thing passed off quietly with the  
exception of a disturbance created  
by a young man who was drunk  
and boisterous. He fired his pistol  
near the meeting and was promptly  
arrested by a deputy sheriff who  
tied him to a tree until the ser-  
vices were over when he was taken

to Campton and placed in jail.

Rev. William Booth, aged 82  
years, attended church Saturday  
and died early Sunday morning.  
He has been a minister of the gos-  
pel for about forty years. He is  
survived by one daughter.

## DEMOCRATIC PAPER

Rakes the Machine and its Engineers Fore and Aft.

Can the Leopard Change its Spots?

During the Democratic primary for senator and governor last year, the Mayfield Monitor, a staunch Democratic paper, wrote the following strong indictment of the Democratic machine in Kentucky. The fact that Messrs. Hager and Beckham won in that primary does not change the force nor the truthfulness of the charges made by the Monitor. If they were true then, they are now. We submit the Monitor's article to the voters of the state that they may know what a Democratic editor in the "Gibraltar of Democracy" thinks of the Democratic machine and its engineers, Messrs. Beckham and Hager. And bear in mind that these charges were not made by a Republican and that a few months has not in the least changed the leopard's spots:

### What the Fight Is.

The present campaign is not merely a fight between the "ins" and "outs," as the machine organs would have the people believe. It is a fight of the people to dislodge the Frankfort machine, a well organized lot of politicians, banded together for the purpose of controlling all the offices of the state and filling their capacious pockets from the state treasury.

And it is a fight that is of much greater import to the people than they can at present realize because machine politics in Kentucky, as applied to the state, is comparatively a recent thing, and it is hard for the people to understand its many evils and the great danger attending its perpetuation.

Machineism represents all that is bad in politics. It is practical politics gone to seed. The greatest graft to the smallest number is the motto of the machine politician. Statesmanship and patriotism are completely eliminated from his creed. The people are all "dumb-driven cattle" to him, possessing neither private nor political rights which he is bound to respect, and beyond the means they afford for gratifying his greed for graft and lust for power exists no interest in his unconscionable soul.

The Frankfort machine is modern in every respect. The most up to date appliances for extracting money from the people's pockets and fooling them into the belief that they are being robbed for their own good are employed. Scientific experts, who know all the ins and outs of machine politics, are in charge and nothing that will bring checkbooks into the hands of the machine or increase its power for perpetuation is being neglected.

This is the machine which Beckham, Hager & Co. built, and for which they are asking a cow state of life. It has already cost the state untold thousands in extravagance and misfeasance, and what it has cost is a mere bagatelle to what it will cost if continued in power.

This is the machine which the people are fighting, and which they would sweep from the face of the earth if they could realize half of its rottenness.

This is the machine which Messrs. Beckham and Hager are expecting to put them in power and give one six and the other four years more in the public crib.

This is the machine which started out to build a state capital for eight hundred thousand dollars and asked the legislature for two millions before the foundation was completed.

This is the machine that paid \$60,000 for capitol plans when they were offered plans by a reputable architect for \$15,000 and this same architect offered to give a bond to build the capitol for \$825,000.

This is the machine that paid \$24,000 for printing, when under their contract it should not have cost \$4,000; and at another time gave away \$12,000 or \$15,000 in the same manner.

This is the same machine that paid \$124,000 for extra attorney's fees to their pets in three years.

This is the machine that lowered the rate of taxation .25 cents on the hundred and raised the value of property 25 per cent, making the tax much higher than before.

This is the machine that has taxed everything in sight and levied back taxes that it might have money to meet its wasteful and extravagant practices.

This is the machine that put the charitable institutions in the hands of Percy Hager, a Frankfort politician, who learned statesmanship in his father's saloon.

This is the machine under whose management brutalities have been practiced at the Lexington asylum that have resulted in the death of one patient and perhaps more.

This is the machine that comes up and whitewashes all such devilry, for fear it might hurt the administration and get some of its pets in prison.

This is the machine that makes poor women attendants in the asylums pay part of their \$20 per month salary to Governor Beckham's campaign expenses.

This is the machine that makes all the attendants, clerks and guards at the charitable institutions contribute to the campaign expenses of the machine candidates, or lose their jobs.

This is the machine that uses the clerks in the auditor's office and all other state offices to send out campaign literature for Messrs. Beckham and Hager while they are being paid for their services by the state.

This is the machine that created new offices and increased the salaries of old ones to the extent of \$50,000 per year.

This is the machine that killed senate bill No. 26, which was intended to pay parties who were summoned for jury service and not used for the loss of time, because it would leave about \$10,000 a year in the people's pockets and thus deprive the treasury of the use of this amount.

This is the machine that levied the tax of \$1 on the poor man's dog that they might have more of the people's money to handle.

This is the machine that created the board of control that is now paying extravagant prices for supplies for the charitable institutions, thus enriching their friends at the expense of the state.

This is the machine that created the office of fire commissioner for Mort Ayres at a salary of \$3,500 per year, and the office of assistant fire commissioner to "provide a soft place for Beckham's Tripoli, the governor's nephew, at about \$2,000 per year; and the said Mort Ayres has moved his office from Frankfort to Louisville where he is conducting Mr. Hager's campaign, while being paid by the state to do nothing.

This is the machine that doubled the number of guards at the prisons while the increase in prisoners was not over ten per cent.

This is the machine that provided fat offices for all the members of the last legislature who voted for their measures of graft and plunder.

This is the machine which gave the senator from Graves county a soft job as manager of the Confederate Soldiers' Home at Pewee Valley at a salary of \$1,800 per year and living expenses for himself and family, because he betrayed his constituents and voted for the candidates for United States senator against J. O. Blackburn.

This is the machine that pays the editor of the Lyon County Herald \$75 per month to sit in an office at the Eddyville prison and edit two papers defending Messrs. Beckham and Hager in their extravagances and misfeasance of state affairs.

This is the machine that buys up papers that fought them in the campaign three years ago, and makes them present the sorry spectacle of having sold their birthright of honor and manhood for a mess of pottage.

This is the machine which Messrs. Beckham and Hager and Percy Hager and Mort Ayres and all the various sized satellites are asking the people to endorse.

And this is the machine which the people intend to show under "deep and strong" at the primary next month.—Mayfield Monitor.

## THE NEWS, Main St., Over Postoffice

The Future American Highway. The "future American highway," according to an inventor whose plan will be a paved roadway 120 feet in total width, divided by longitudinal curbs into eight separate roadways, four for passage in each direction. It provides two sixteen foot roadways for annual traction vehicles and a four foot walk at each side for the stray pedestrians who may still indulge in the antiquated method of locomotion that nature furnished. The rest of the width is devoted to automobile roads. As the cost of this remarkable highway would amount up to between \$100,000 and \$200,000 per mile, the inventor feels well to call it a "highway of the future."

There's a reason for that ache in your back—right where it "stitches" every time you bend over, turn around or walk any distance. It's your kidneys. Take DeWitt's Kidney and Bladder Pills. They are unequalled for backache, weak kidneys and inflammation of the bladder. A week's treatment will cure you. Sold by Jackson Drug Co.

A Monster Belt. A Chicago company has made for a rawhide belt that is believed to be the largest single leather belt in the world. It is of pure oak bark, tanned leather, eighty-four inches wide and three ply in thickness, and weighs just 2,300 pounds. The belt is 111 feet long. It took the centers of the hides of 335 steers to make it and each piece of this leather was separately stretched before being placed in the belt. A belt nearly as large has been running for many years at a spinning mill in Ghent.

DeWitt's Carbolized Witch Hazel Salve is good for boils, burns, cuts, scalds and skin diseases. It is especially good for piles. Sold by Jackson Drug Co.

PITH AND POINT. A pretty girl yawning is a terrible sight. It is very easy to get the table where a nervous person is sitting.

DeWitt's Little Early Risers are good for anyone who needs a pill. They are a small, safe, sure, little pill that does not gripe or sicken. Sold by Jackson Drug Co.

If the day goes slow to you, take a pill every hour and see how fast time will appear to fly.

You can tell when a man begins to get old by the way he will say he is just in the prime of life.

How to Avoid Appendicitis. Most of the victims of appendicitis are those who are habitually constipated. Orin Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orin Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Jackson Drug Co.

The degree of doctor of medicine has been conferred upon Dr. Wilfred T. Grenfell, C. M. G., by the University of Oxford, in recognition of his work in the improvement of the social condition of the Labrador fisher folk. The honor bestowed upon him by his old university is all the more marked by reason of its being the first honorary M. D. degree conferred by Oxford.

The way to get rid of a cold, whether it be a "bad cold" or just a little one, is to get it out of your system through the bowels. Nearly all Cough Cures especially those that contain opiates, are constipating. Kennedy's Laxative Cough Syrup contains no opiates and acts gently on the bowels. Pleasant to take. Sold by Jackson Drug Co.

## Found At Last.

J. A. Hamon, of Lizenore, West Va., says: "At last I have found the perfect pill that never disappoints me; and for the benefit of others afflicted with tropical fever and chronic constipation will take Dr. King's New Life Pills." Guaranteed satisfactory. 25c by Jackson Drug Co.

Becher in a Letter to His Son. When working for others, stick yourself out of sight. Seek their interest. Make yourself necessary to those who employ you by industry, fidelity and scrupulous integrity. Selfishness is fatal. Hold yourself responsible for a higher standard than anybody else expects of you. Demand more of yourself than anybody expects of you. Keep your own standard high. Never excuse yourself to yourself. Never pity yourself. Be a hard master to yourself, but lenient to everybody else. Concentrate your force on your own business; do not turn off. Be constant, steadfast, persevering.

The New Pure Food and Drug Law. We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug Law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Jackson Drug Co.

A Regard for Appearance. A milliner endeavored to sell to a colored woman one of the latest season's hats at a very moderate price. It was a big white picture hat.

"Law, no, honey," exclaimed the woman, "I could never wear that. It look just like a blueberry in a pan of milk."

How to Remain Young. To continue young in health and strength, do as Mrs. N. F. Egan, of Donough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flame. I am now practically 20 years younger than before I took Electric Bitters. I can now do any work with ease and assist in my husband's store." Guaranteed by Jackson Drug Co. Price 50c.

won't let you have any more farthings. "That settles it. Of suppose I can't get the farthing then?"

"No, I'm afraid not, Patrick." It was Patrick's turn now to eye the colonel as he started for the door. Stopping suddenly, he said:

"Colonel, can I say something?" "Certainly, Patrick. What is it?" "You won't get that farthing, if I say it?"

"Certainly not, Patrick. What is it?" "I want to say there are two splendid lads in this room. Of was never married in the lotte."

Healthy kidneys gather the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. Jackson Drug Co.

The frog can only breathe with its mouth closed. The mother eel must keep her young a year in the nest before they are able to fly.—Los Angeles Times.

One of the worst features kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. Jackson Drug Co.

If the head-bail that is said to be making rapid progress in Great Britain is of the variety that some of the clubs are providing in this country it should never again be complained that Englishmen cannot appreciate a joke.—Providence Tribune.

Of Interest to Many. Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. Jackson Drug Co.
